Paper 3 Practical Test B

May/June 2016

MARK SCHEME

Maximum Mark: 80

Published

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge will not enter into discussions about these mark schemes.

Cambridge is publishing the mark schemes for the May/June 2016 series for most Cambridge IGCSE[®], Cambridge International A and AS Level components and some Cambridge O Level components.

Task 1 – Evidence Document

This mark scheme includes the screenshots of the printed evidence that candidates should have included and screen shots from the Evidence Document.

Task 2 – Web Page

You are going to help some trainees develop web pages for The Manta Conservation Project. The first web page will be part of a website used to raise awareness of, and get donations for, conservation projects around the world.

No	Steps	Mark
1	Create a new folder called 1631_html	
2	Locate the following files and place them in your 1631_html folder 1631flags.pdf 1631img1.png 1631img2.png 1631img3.png 1631img4.png 1631img5.png 1631img6.png 1631img7.png 1631logo.png 1631maldives.htm 1631manta.htm 1631manta.jpg 1631manta1.tif 1631stylesheet.css

Make sure your stylesheet contains no html.</p>  <p>Correct and complete this stylesheet using the information above. Save this stylesheet in your 1631_html folder.
